LOWEST PRICE

HOPP'S

The Holiday Season

is over and business is getting down to a normal state, while we are getting down to business. The Christmas trade kept everything on the jump, but now we begin to think of offering inducements for the January trade.

Fortunately, we are one of the few stores who find themselves with a salable stock after the holidays, and we have just the kind of goods the housekeeper wants to start the new year with. Perhaps the window shades are worn out, and the improvement would cost very little if you were to get from us now.

Hartshorn Window Shades
We will make them to order in any size or color.

Wicker Furniture
is well adapted to this climate, because it is cool.
No other establishment in Honolulu has the stock of this ware that we have, and our prices are reasonable.

Rockers,
Straight back chair, couches, etc.
We also call attention to the excellent assortment of
WHITE ENAMELED IRON BEDSTEADS
and will be glad to have you call to see them.

THE GOLDEN RULE BAZAAR

WILL REMOVE
FROM FORT STREET TO THE OREGON BLOCK, HOTEL ST.
ABOUT JAN. 1st.

We will be
AT HOME

to our friends after January 15th. We take this method of thanking our many friends for the very liberal patronage extended us during the past year, and especially the holiday season just closing, and in our new quarters we will use our utmost endeavors to merit a continuance of the same. We will keep constantly on hand a FIRST-CLASS STOCK of the latest things in STATIONERY, and the Standard Books, with the best selected line of new and popular Books that can be obtained, both in cloth and paper bindings. Trusting that this will be a very happy New Year to all, we are, as ever, yours, truly,
J. M. WEBB.

An infallible cure for dandruff and itching scalp. Pacheco's Dandruff Killer is sold by all Druggists, and at the UNION BARBER SHOP.

SAYS SEWER IS CHEAPER

Inspector Urges
the Public to
Connect.

REPORTS MADE TO BOARD OF HEALTH

City Has Been Cleaned of Rubbish
During December—Plumbing
Inspector's Report.

Plumbing Inspector Keen makes a strong plea for the more general use of the sewer system in his annual report to the Board of Health. He points out that it is better for every citizen, both from a financial and sanitary point of view to connect with the government system, than to continue the use of cesspools.

The following is the report for the year ending December 31, 1901.

Honolulu, H. T., January 13, 1902.
Dr. J. S. B. Pratt,
Executive Officer, Board of Health:
Sir—I beg leave to submit herewith a statement of the work of this office for the year ending December 31st, 1901.

Date	Plans	Permits	Inspections	Final Certificates	Connections	Sever
January	128	128	326	93	20	
February	96	96	247	88	28	
March	137	137	302	121	11	
April	129	129	285	117	15	
May	83	83	235	96	22	
June	99	99	231	61	61	
July	116	116	598	97	80	
August	148	148	356	88	73	
September	132	132	355	106	69	
October	119	119	309	151	66	
November	95	95	312	114	46	
December	75	75	274	124	25	
Totals	1349	1349	3781	1256	508	

Of this plumbing, 526 pieces went into new buildings, 839 into old buildings, and 182 into outhouses.

The average number of inspections for each working day during the year was 12.60, and the average sewer connections made each working day was 1.66.

The approximate number of people using the sewer up to January 1, 1902, was 12,500.

When it is remembered that there are still 3,000 sewer connections to be made, it can very readily be seen that if they are not made with more rapidity in the future than they have been in the past, that it will be a long time before we get rid of the cesspools.

As that part of the city Ewa of Smith street is very generally connected with the sewer, I would suggest that the balance of the city be required to do so as rapidly as possible, as I find in most cases people are only waiting the orders of your honorable board to connect, as is instanced by the order to residents along the line of King and Young streets, where a nuisance was quickly abated by cheerful compliance to said order.

It should not be a very difficult matter for people to figure out that it is cheaper (from a monetary, to say nothing of a sanitary point of view) to pay the small fee demanded by the government to connect with the sewer, than it is to maintain a cesspool, for cesspools must be pumped out and for this the government must be paid, and I venture to assert that more money is paid out annually for pumping out cesspools than would be charged for twice that many connections.

I have the honor to be,
Your obedient servant.

E. G. KEEN,
Inspector of Plumbing and House Sewers.

The following are the reports of total inspections in the various districts for December, in the order of the district numbers:

J. B. Gorman, 882 inspections; A. G. Hitchcock, 540 inspections; N. P. Jacobson, 1677 inspections; T. W. Carroll, District No. 5, 988 inspections; John W. Francis, District No. 6, 1350 inspections.

CITY SANITARY OFFICER.

The city sanitary officer in his report for the month of December shows that there has been a general compliance with the Board's order to clean the city. He says:

Honolulu, H. T., Jan. 3, 1902.
Dr. J. S. B. Pratt,
Executive Officer, Board of Health:
Sir—Following is the report of the City Sanitary Officer for the month of December, 1901:

Number of building applications received, 21.
Number of building applications approved, 12.
Number of building applications disapproved, 9.

Number of building applications of previous months approved, 19.

Number of building applications withdrawn, 2.

Number of building applications held by Survey Department, 12.

Two of the six applications held violate sanitary regulations, three have not filed sufficient plans and one is held until the grade of the lot is raised.

Cesspools located during the month, 3.

Buildings altered or moved so as to conform to the sanitary regulations, 15.

Examinations before, during and a completion of building, 124.

Inspections other than of new building, 352.

Certificates for lodging house, restaurant or hotel licenses applied for, 18. All of these were issued.

Certificates issued on applications previous to December 5th; certificates held for sanitary work to be finished, 3.

Number of adults which can by law be lodged in these buildings licensed, 208.

Three formal complaints have been filed and the nuisances investigated and abated.

Twenty-four 48-hour notices have been served and in twenty-two cases the recipients proceeded to abate the nuisance.

In two cases the nuisances are being abated.

Twenty-five notices to connect premises to the public sewer system have been served.

Three builders without permits have been notified to obtain permits, and have done so.

The month in general has been spent in clearing and cleaning up the city, and tons of rubbish have been removed from under and around buildings and loose lumber piled so as to prevent rats from making their nests underneath. The inspectors have also been finishing up back orders to close up the year, which accounts for more nuisances abated during the month than were reported.

Respectfully,
C. H. TRACY,
City Sanitary Officer.

EVERY DAY FACTS.

Honolulu Produces Its Share—This Comes From Kawaihau.

What makes anything a fact? Isn't it an occurrence of statement that can be proven true and correct in every particular? What constitutes conclusive evidence to the mind of a Honolulu citizen? Is it the statement of some one made in Texas or California? We think not, but when some of our own people make a statement and it is indorsed by many, there can be no question about that. Under these circumstances we call them facts, and they are every day facts, because they are occurring every day. Don't take our word for what is said. If you are not satisfied, ask them; people don't make such assertions without good reasons.

The Rev. J. Nua of Kawaihau informs us:

"I suffered from kidney trouble, which was, I believe, caused by my lifting heavy weights whilst young. Pains in the small of my back were one of the symptoms of my complaint. My trouble extends back to the time when I was 28 years of age, and as I am now 49, that is a considerable period. During all this time I was subject to pains in the back. They continued despite the fact that I consulted several physicians and took numerous remedies. No relief thus gained can be compared to the benefit obtained from using Doan's Backache Kidney Pills. I have got on wonderfully well since taking them. I am quite satisfied with the result, and shall always have some of the pills by me, even when going from Honolulu to other missionary fields in the South Pacific. There is no other remedy like Doan's Backache Kidney Pills for kidney complaints, including backache."

It is important to get the same pills which helped Mr. Nua—DOAN'S BACKACHE KIDNEY PILLS. Therefore, ask for Doan's Backache Kidney Pills.

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes for \$2.50), or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.
